

Qorvo® Antenna-plexer Solutions

Enabling complex antenna sharing

Multiplexing various radios (GPS, Wi-Fi, cellular including 5G) to share a single antenna

Reduces number of antennas required, creating space for smaller bezels and larger edge-to-edge screens

Best-in-class insertion loss, isolation and power handling

Maximizing radiated performance and reducing system level de-sense

Broad and scalable portfolio of antenna-plexers

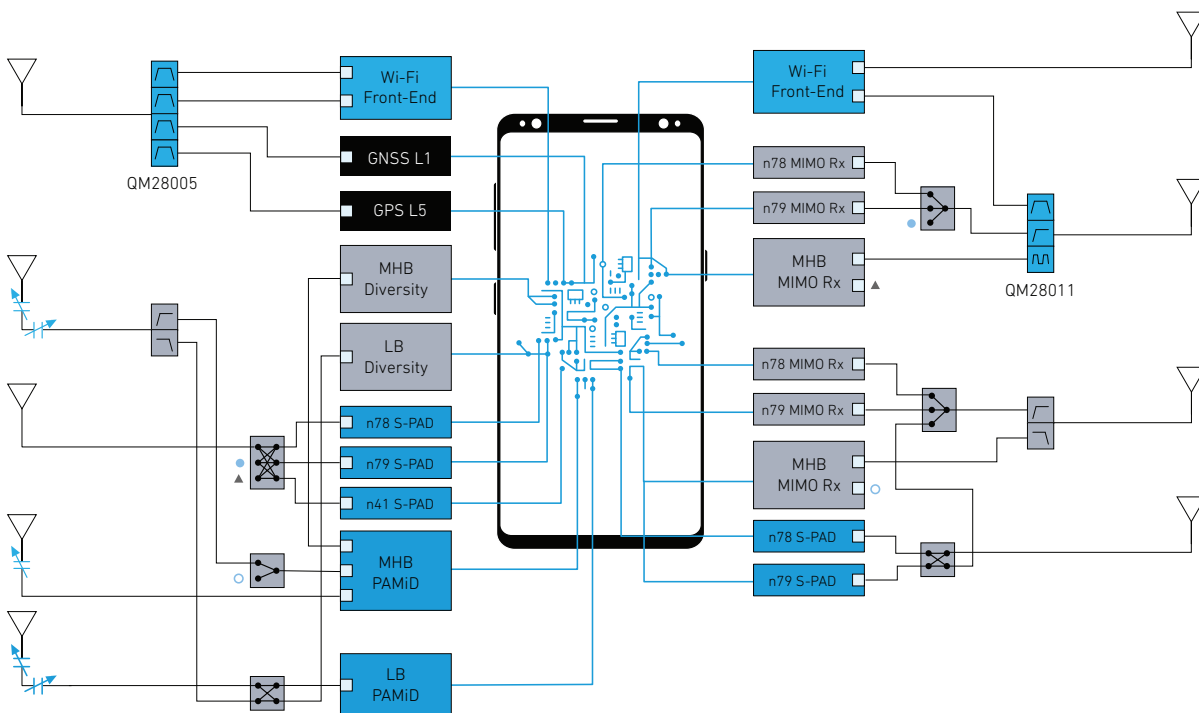

Allows for design flexibility to support architectural and industrial design changes

In-house, high-volume, wafer manufacturing, assembly and test

Qorvo is your trusted vendor to support designs in this rapidly changing environment

Low Insertion Loss Antenna-plexer Portfolio

QM22246

QM28001

QM22450

QM28011

QM28005

QM28004

Part Number	Size (mm)	Application	Availability
QM22246	1511	LB/MB/Wi-Fi/HB	Now
QM28001	2020	MB/Wi-Fi/HB/UHB	Now
QM28011	2020	MB/Wi-Fi/HB/UHB	Now
QM22450	1411	2.4 GHz Wi-Fi/5 GHz Wi-Fi	Dec'19
QM28004	1814	GNSS/MB/Wi-Fi/5 GHz Wi-Fi	Q1'20
QM28005	2016	L5/GNSS/2.4 GHz Wi-Fi/5 GHz Wi-Fi	Q1'20
QM28012	2016	LB/GNSS/2.4 GHz Wi-Fi/5 GHz Wi-Fi	Q1'20
QM28014	2016	GNSS/2.4 GHz Wi-Fi/MHB	Q1'20
QM28024	2016	n77/n79	Q1'20
